

# Easily View Your Mobility and IT Assets Through the VISION Portal

VISION is a comprehensive portal that complements our lifecycle management services by allowing you to track & monitor the status of your assets through an easy-to-use interface.

The screenshot displays the VISION portal interface. On the left, a navigation sidebar includes links for Dashboard, Sites, Services, Inventory, and Reports. The main dashboard area features several key metrics: 106 Sites (Last Added Site on 02/03/2023), 1901 Inventory (Last Added Device on 01/01/2021), 83 Active Service Requests (Last Added Service on 01/01/2021), and 5 Tickets. A 'Sites Tactical Overview' section includes a donut chart showing asset status: 77 Working (77.0%), 20 Warning (20.0%), and 3 Critical (3.0%). Below this is a map of the United States with location pins. A 'DPS Service Catalog' is visible in the top right. A callout box labeled 'Your Entire Tech Stack' points to the 'DPS Service Catalog' and the 'Total Device' table. The 'Total Device : 8' table lists the following data:

Model	Serial Number	Device Location	Customer	Detail
DS9908-SRAU2100AZW - KIT	21128520180632	DPS Demo Site 1	DecisionPoint Demo	DS9908-SRAU2100AZW - KIT
DS9908-SRAU2100AZW - KIT	22080520180002	DPS Demo Site 1	DecisionPoint Demo	DS9908-SRAU2100AZW - KIT
DS9908-SRAU2100AZW - KIT	22075520181178	DPS Demo Site 1	DecisionPoint Demo	DS9908-SRAU2100AZW - KIT
